

BC3/BC4 Series

BESCA Ladder Tray

BESCA Ladder Tray is the sensible choice for all general purpose installations. Made from durable Pre-Galvanized steel, and used extensively for office fit outs, shopping centres and light industrial applications. Light weight and easy to install, complemented by a full range of accessories to enable fast onsite fabrications of Tee's, Risers, Bends, and Crosses.

Standard finish of BESCA Perforated Cable Tray as below, customize available:

- **G** ----- Pre-galvanized steel
- **H** ----- Hot Dip Galvanized
- **P** ----- Powder Coated

Every piece of our ladder tray has an average length of 3000 mm, other length available as per the client requirements.

Advantages:

- **Reduced weight without losing strength**
- **From light to heavy load**
- **Good lateral stability**
- **No nasty sharp edges**
- **Open profiles provide better corrosion protection**

Suffix	Finish
G	Pre-Galvanized / PG / GI
H	Hot Dip Galvanized / HDG
P	Powder Coated
